

# Plan your visit

## Safety first

Naturally, the safety of our guests and employees is our main priority. Therefore, we follow the guidelines of the government and RIVM. We are experienced in how we can safely and pleasantly welcome guests – keeping in mind the 1,5 meter guideline. However, we do need your help, and there are a few important conditions. It is mandatory to reserve tickets online or by phone in advance, there are clear walking routes within the theatre and floor plans have been adapted. We aim to minimize the touching of doorknobs and use of toilets even though these are cleaned frequently.
